## Chapter 1 by Peterick4life

I miss you and I won't get over it I love you and you know it. I can't get over you. How do I live without you?

## Chapter 2 by -

I can't. And you know that. That is why you have left - to give me pain. I had professed my love to you, and I thought you reciprocated the feeling. But I must have been mistaken, because you betrayed my trust and told my secret. I hope you are happy, knowing that you succeeded in breaking my heart - breaking my life...

## Chapter 3 by -

Another week has gone by - another week of painful memories. Of unforgettable times gone by. The times when I thought you loved me, the times when I was so happy.

Another week of an aching heart - another week of troubled thoughts. Of you dressed in beauty, and I soaked in your love. Embraced by the sweetness of your being. Walking hand in

hand through fields of glory fields of blossoms

Chapter 4 by -

Yes, Memories

Like the day last year when we walked along the beach. The waves slapping our feet with salt water, and the sand tickling our toes. When we held each other close and sang into the fresh sea air, listening to the wind carry it among the rocks.

If only I had known what you were really like. How deceptive you are. And how you will still hurt me.

My life has been scared by your false love. Now I will scare yours with hate.

### Chapter 5 by Slytherin\_Beauty\_<3

I wanted to hurt you..not so you will want to die but only so you know how much hurt you have brought my heart. I had loved you with everything I had you had lied to me..betrayed me..you had made me think you were in love with me..you're beauty..you had me questioning how a magnificent creature as yourself had fallen for someone like me..and than truth had revealed itself..there was another..you had used me..you had used my heart and my love..you used to me to make this other fall for you.

I have tried to move on..but that only brought me more misery..for you are something I could never replace but you have moved on while I stay on the sidelines wishing for you to finally fall in love with me..but I knew it was never to be so I had to walk away..leave with memories of us I still have..but how do you walk out on someone whom you're madly in love with?
